**TO: Professor Nino LAPIASHVILI
Director of the Institute for European Studies of Ivane Javakhishvili
Tbilisi State University (TSU)**

Dear Professor Lapiashvili,

I would like to express my gratitude for inviting me to participate in the 'Jean Monnet' Conference, organized by the Institute for European Studies within Tbilisi State University on Thursday, 24 June.

The event was very well organized, and it was a pleasure to interact both with the other distinguished guests, and especially with the young students who showed a high interest towards European policies and the work of the European Union Monitoring Mission (EUMM) in Georgia.

I would like to take this opportunity to reiterate our readiness to visit the university and meet the students in the autumn, when the new school year begins, hopefully in physical format. This will allow us to provide a deeper insight into our Mission's work and interact more actively with the students.

Head of Mission's Office will act as the main point of contact to organize this visit (homoffice@eumm.eu) and I kindly ask you to refer to them for further details.

Please receive, dear Professor Lapiashvili, the expression of my highest consideration.

Yours sincerely

Marek Szczygiel
